Inflammation, Cancer and Intestinal Mucosal Immunology (ICIMI)
Advanced Immunology Course 2021

icimi2020@gmail.com
November 15 – 19, 2021
CONCON, CHILE

ICIMI
2021

This course focused on intestinal mucosal immunology will be facilitated by leading local and international researchers and faculties.

Lectures, discussions and presentations will greatly expand the understanding of basic and clinical aspects of IBD, effect of diets, and therapeutic applications to restore a balanced immunity, and reverse chronic inflammatory diseases and cancer.

PURPOSES OF THE COURSE:

- * Learning cutting edge knowledge regarding intestinal mucosal immunology and cancer.
- * Presentations of projects and results in poster sessions, active participation in discussion groups and grant writing activities .
- * Establish new collaborations and expansion latinoamerican networks.

Accommodation and meals will be covered. Travel fellowships will be offered to the best applicants from outside Chile

Requirements to apply:

This 5-day course is open to MSc and PhD students and post-doctoral fellows from Latin America.
