

ALACI's VISION

Spreading Immunology in our Region as part of Immunology without Borders IUIS's vision.

ALACI's MISSION

PROMOTE Immunology by pre- and post- graduate university programs courses, training, and triennial meetings.

CONTRIBUTE to regional health by transdisciplinary and prevention immunology characters.

UNITE the regional immunological community including related organizations and regional scientific outside our countries.

RAISE AWARENESS of key issues in immunology.

CREATE a regional network of expertise and research.

EMPOWER members to make significant differences.

IDENTIFY and address inequalities.

ALACI's OBJECTIVES

ENCOURGE co-operation in immunology through ALACI and national society websites, membership services, communication network, grants & awards.

ORGANIZE regional education in immunology through regional congresses, national conferences, topical workshops and its inclusion in pre- and post-graduates program universities.

CONTRIBUTE to the advancement of immunology science through journal, whitepapers, external relations & public awareness campaigns.

TOUR OPERATOR

13th Latin American and Caribbean Congress of Immunology ALACI 21

7th Congress of Cuban Society for Immunology

November 1-5, 2021
Varadero
Cuba

Welcome to the regional's leading Immunology congress

ALACI21 offers a unique trans-disciplinary platform for basic, translational and clinical scientists, in particular to those young ones to meet with globally famous key opinion leaders.

Preliminary speakers

Nobel prizes, IUIS council, EFIS council and Immunology leaders of Latino America and Caribe.

The **ALACI21's scientific program** will be organized around the immunology core themes:

- Immunity;
- Immunology and Diseases and
- Interventions.
